Air conditioners

The AirCool Inverter series uses a DC inverter compressor that saves up to 60% electricity compared with non-inverter models. Both models run on low voltage down to 160 V, include a Wi-Fi remote app and use R32 refrigerant. Standard installation (up to 10 feet of copper pipe) is free in Lahore, Karachi and Islamabad. Extra pipe is charged at PKR 1,200 per foot.

Refrigerators

FrostFree refrigerators have an inverter compressor, a 5-in-1 convertible freezer and a 10-year compressor warranty. The 18 cu ft model has an A+ energy rating and a door alarm.

Washing machines

The WashPro 8 kg front load washer offers 15 programs including Quick 15-minute wash and steam hygiene. The 10 kg top load model is designed for large families and has a child lock.

Small appliances

The Air Fryer 5.5 L cooks with up to 85% less oil and has 8 presets. The Microwave Oven 25 L has grill and defrost functions. The Ceramic Room Heater has tip-over protection and 3 heat settings.

Installments

All products above PKR 50,000 can be bought on 0% installments for 12 months through partner banks (credit cards of HBL, Meezan Bank and Bank Alfalah).
