

Refund, Return and Warranty Policy

Nimbus Home Appliances (Pvt) Ltd · Version 2.0, effective 1 July 2026

1. Returns

Unused products in their original, unopened packaging can be returned within 7 days of delivery for a full refund. Installed appliances (air conditioners, water dispensers) cannot be returned unless they are faulty.

2. Damaged or wrong items

If a product arrives damaged or you receive the wrong item, report it within 48 hours of delivery by calling our helpline or emailing support@nimbus-appliances.example with photos of the product and packaging. We will collect it and send a replacement free of charge.

3. Refunds

Approved refunds are processed within 10 working days to the original payment method. Card refunds may take a further 5-7 days to appear on your statement, depending on your bank. Cash on delivery (COD) orders are refunded by bank transfer to an account in the customer's name.

Delivery charges are refunded only if the product was damaged, faulty or wrong.

4. Warranty

Warranty periods are listed in the Product Catalogue for each model and start on the date of delivery. To make a warranty claim, contact the helpline with your invoice number and the product's serial number (printed on the label at the back or side of the product). A technician visit is arranged within 72 hours in major cities.

The warranty does not cover damage from voltage fluctuation without a stabiliser (except inverter models rated for low voltage), physical damage, or repairs by anyone other than a Nimbus-authorized technician. Unauthorized repairs make the warranty void.

5. Exchanges

Faulty products that cannot be repaired within 15 days are exchanged for the same model, or a model of equal value if it is out of stock.
